

Key insights from DDW 2025

LIVE WEBINAR

Lilly

Digestive Disease Week (DDW) is one of the most important international conferences in the field of gastroenterology and digestive diseases. The webinar “Key Insights from DDW” aims to provide a focused and critical overview of the most relevant updates presented during the congress, with a particular emphasis on content that may have a direct impact on clinical practice. By highlighting recent studies, emerging data, and evolving therapeutic strategies, the session is designed to offer healthcare professionals timely and high-quality insights, fostering reflection and discussion on key topics within IBD and gastroenterology at large.
